

Thomas Elementary Family Support

Thomas Elementary Families-

As a school counselor, part of my job is to help families who may need support or assistance at different times, or because of life circumstances that present themselves. To create a confidential and consistent way to communicate these needs and available supports, I have created a form that can be completed if assistance is needed. You only complete the form if your family could use support and the form will give me more specific information about your family's needs. If you would prefer a paper form you can call or email to request one.

With the holidays fast approaching, there are oftentimes seasonal needs including food and gifts. We have had several local organizations reach out wanting to help so please consider filling out the form even if you would just like seasonal assistance. If you have any questions or concerns, please feel free to contact me.
